

Central New Mexico Cooperative Weed Management Area

Edgewood SWCD – Fiscal Agent
PO Box 1050, Moriarty, NM 87035 – 832-1111

June 21, 2010

Dear Cooperative Weed Management Area Partners

The Central New Mexico Cooperative Weed Management Area is hosting a training session on Tuesday, July 20th, for any interested persons within any New Mexico Cooperative Weed Management Area (CWMA). It will be held at the Edgewood Soil & Water Conservation District Office in Moriarty beginning at 8:00 AM. We are located at 2506 Route 66, one block west of Moriarty.

The New Mexico Department of Agriculture (NMDA) Laws & Regulations, Forest Pests, and Herbicide Resistance will be presented, as well as hands-on training for Noxious Weed Identification.

For those of you who are not yet certified, NMDA study materials will be supplied to each attending CWMA at no charge.

Those interested in taking the **Public Pesticide Applicator's** test may apply at the following link:

<http://www.nmda.nmsu.edu/pesticides/applicators/License%20Application%20Forms.html>

Those interested in taking the **Private Pesticide Applicator's** test may apply at the following link:

<http://nmdaweb.nmsu.edu/pesticides/Private%20Pesticide%20Applicators.html>

It is recommended that you apply now for the closest testing date following this training.

If licensed, NMDA CEUs will be given, so please bring your Applicator's License.

This is a *free*, 1-day training. Lunch will be provided, so please send an email notification of attendance to brenda@eswcd.org by July 16th for proper lunch count.

We look forward to seeing you on the 20th!

Jerry Melaragno
Central New Mexico Cooperative Weed Management Area Chair
